

Juliette Valverde

Lake Oswego, OR | <http://juliettevivr4@gmail.com> | [linkedin.com/in/juliettevalverde04/](https://www.linkedin.com/in/juliettevalverde04/)

Marketing and video editor with experience producing engaging social media content and professional video productions for Oregon State University, NASA Johnson Space Center, and Multnomah County. Skilled in creating videos from concept to final edit using Adobe Premiere Pro and Final Cut Pro, with experience developing content for Instagram, TikTok, LinkedIn, and YouTube. Passionate about creating audience-focused content that captures attention and drives engagement.

EXPERIENCE

Marketing Assistant, Impact Studio

Oregon State University | Corvallis, OR | 2025 – Present

- Created and managed social media content for Instagram, TikTok, LinkedIn, and YouTube, producing short-form videos and graphics that contributed to 129% Instagram follower growth during the 2025-2026 academic year.
- Planned, filmed, edited, and published video content from concept to completion, adapting content to each platform's audience, style, and engagement trends.
- Coordinated the Design for Social Impact (DSI) Hot Chocolate Engagement campaign by overseeing budgeting, creating promotional content, and leading outreach through Instagram, flyers, and campus partnerships that generated 2,600+ views and reached more than 1,700 accounts.
- Brainstormed creative content ideas and collaborated with the marketing team to develop engaging social media campaigns and optimize content strategy using audience insights.
- Coordinated a semester-long marketing campaign from planning and budgeting through execution, achieving enrollment goals that met break-even targets.
- Served on the hiring committee to evaluate and select incoming students, contributing to team growth and recruitment.

Spacesuit & Communications Intern

NASA Johnson Space Center | Houston, TX | Sept – Dec 2025

- Edited three internal multimedia productions in Adobe Premiere Pro, transforming raw footage into polished final videos for NASA staff audiences.
- Collaborated with a subject matter expert (SME) to develop and organize a technical training curriculum for engineers, structuring instructional content into clear, accessible learning modules.
- Supported on-site video production for STAR Productions, assisting with production logistics, shoot coordination, and event execution for NASA outreach events.
- Redesigned a physical window display for the spacesuit division, improving how the team's work and artifacts were presented to visitors.
- Worked within NASA's fast-paced production environment to deliver multimedia communication projects supporting technical teams and internal stakeholders.

Central HR Video & Marketing Intern

County of Multnomah | Portland, OR | Jun – Sept 2024

- Produced recruitment and wellness videos from concept to completion, including scripting, filming, and editing for countywide audiences.
- Collaborated with HR stakeholders to create engaging video content supporting recruitment and employee engagement initiatives.
- Delivered multiple video projects on deadline despite mid-project scope changes, maintaining quality throughout production.
- Supported event logistics and multimedia coordination for College 2 County programming and recognition events.
